Frosty the Snowman

```
   G                          C          G
1. Frosty the snowman was a jolly happy soul, / /
          C                     G
  with a corncob pipe and a button nose,
           D7                 G
  and two eyes made out of coal.  / / /
                           C               G
  Frosty the snowman is a fairy tale they say. / /
          C                          G
  He was made of snow, but the children know,
          D7                 G
  how he came to life one day. / /
```

```
Chorus
                             G               D7                    G
There must have been some magic in that old silk hat they found, / /
       D                                          A7               D7
  for when they placed it on his head, he began to dance around. / / /
   G                           C                 G
  Frosty the snowman was alive as he could be. / /
            C                         G
  And the children say he could laugh and play,
             D7                G
  just the same as you and me.
```

```
   G                                  C                  G
2. Frosty the snowman knew the sun was hot that day, / /
          C                    G
  so he said, Let's run and we'll have some fun,
        D7           G
  now before I melt away. / / /
                                  C                 G
  Down to the village, with a broomstick in his hand, / /
           C                     G
  Running here and there, all around the square, saying,
    D7                G
  "Catch me if you can. / /
```

Chorus
