Walking After Midnight

[Verse 1]
```
     C
I go out walking after midnight
           F                              C
Out in the moonlight just like we used to do
          C              Ab       G            C  F  C  G
I'm always walking after midnight searching for you
```

[Verse 2]
```
       C
I walk for miles along the highway
                 F                          C
Well, that's just my way of saying I love you
          C              Ab       G            C  F  C
I'm always walking after midnight searching for you
```

[Bridge]
```
          F
I stopped to see a weeping willow
                      C
Crying on his pillow, maybe he's crying for me
    F
And as the skies turn gloomy
                               C               G
Night winds whisper to me, I'm lonesome as I can be
```

[Verse 3]
```
     C
I go out walking after midnight
           F                               C
Out in the moonlight just hoping you may be
            C             Ab       G            C  F  C
Somewhere a-walking after midnight searching for me
```

[Bridge]
```
          F

Crying on his pillow, maybe he's crying for me

And as the skies turn gloomy
                               C               G   G#
Night winds whisper to me, I'm lonesome as I can be
